

COOL AS KORS

IF ANYONE KNOWS CHIC, IT'S MICHAEL KORS. FAMOUS FOR HIS WOMEN-FRIENDLY DESIGNS, HE'S NOW ACCESSORISED WITH THREE GORGEOUS NEW FRAGRANCES. HERE HE SHARES HIS STYLE TIPS WITH GLAMOUR

Going backstage at Michael Kors' show is like walking into Instagram. There's Karlie, Gigi and Kendall throwing a *Charlie's Angels* pose, as Lily Aldridge, Poppy Delevingne and Leigh Lezark head for the front row. And now Kate Hudson and Allison Williams hug and kiss Michael, the godfather of uptown chic.

We all want to be one of Michael's golden girls – that special brand of all-American bare-faced beauty we'll spend all season trying to recreate. So what's the secret? Over to the man himself...

THE KORS WOMAN

"I love the girls I call the glamorous Energizer Bunnies – Gigi Hadid, Kendall Jenner, Karlie Kloss – they can fly to London for an hour, then back to New York and on to LA and look great doing it all. How do they do it? You have to think to yourself, 'Even if I am running out for a carton of milk, if I put the right glasses on, the right fragrance and grab a tote bag, I could be wearing gym clothes and still look great.' It's so old fashioned to think you'll dress differently for every occasion, to have that Cinderella complex about reinventing yourself as a different woman at night. Why shouldn't you look glamorous doing your errands, and feel comfortable on the red carpet?"

24K KORS

"Every woman looks and feels better when she has some gold – all neutrals suddenly feel far more luxurious and indulgent with a hit of metallic. After all, metallics are the most glamorous neutrals there are. Most of my customers mix their metals – they might wear a rose-gold watch with white-gold earrings and a yellow-gold ring. With the fragrances, I wanted to translate that into the idea of everyday glamour. Fragrance should transport you, it should be an exclamation point to a woman's sense of style, personality and mood."

White Luminous Gold, 24K Brilliant Gold and Rose Radiant Gold £79 each for 100ml eau de parfum.

"I LOVE WOMEN WHO ARE SMART AND POWERFUL, LIKE KARLIE"

MICHAEL'S TOP 5 MUST-HAVES

- 1 First, everyone has to have some black cashmere – cashmere is the only good thing about winter.
- 2 Crème de la Mer's Lip Balm [£45 cremedelamer.co.uk] – when you're travelling or just doing a million things at once, hydration is key.
- 3 A fabulous tote bag that holds all the minutiae of our lives in a glamorous way.

- 4 That one lipstick that makes you feel like a million bucks. I always say that a swipe of lipstick is the easiest way to glamour – and confidence. Hydra Lustre Lipstick in Pink Sand £22 esteelauder.co.uk
- 5 A gradual self-tanner – because the most luxurious thing is to always look like you've just returned from a vacation. Gradual Tan For Face & Body £42 Aerin. ☺
